CATERING TO FESTIVE SEASON DEMAND

Banks offer a host of special loan schemes

SHASHANK DIDMISHE Mumbai, September 27

MOST LENDERS ARE tapping into the festive season demand by offering special schemes on loan products...

SOPS GALORE FROM LENDERS

- Banks have leveraged their digital platforms, cards and tie-ups for lending for discretionary spends such as electronics, home decor, travel and apparel. The majority of sops offered on loan products are in the home, vehicle, gold and personal segments. Banks are also relying heavily on digital lending.

Bankers are expecting consumer demand to return back in full swing after two years of a lull owing to the pandemic. Buyers who had held back in the pandemic are expected to increase spends on consumer durables and holiday travel...

HDFC Bank is offering top-up loan of up to ₹50 lakh on existing home loans. On car loans, Bank of Baroda is charging an interest rate of 7.95%, 25 basis points (bps) lower than the normal rate.

On car loans, Bank of Baroda is charging an interest rate of 7.95%, 25 basis points (bps) lower than the normal rate. HDFC Bank has started a fast car loan approval, through which it will disburse car loan in 30 minutes and ICICI Bank is offering 100% loan amount based on the value of both new and used cars.

G-Sec listing overseas: No plan for tax relief yet

Consequently, as FE reported on September 4, the listing plan is likely to be pushed to early 2023.

JP Morgan reportedly began fresh talks with investors recently about adding India to its emerging market index. This raised expectations of an imminent listing of the country's securities.

The government is also discussing clearing and settlement issues with Euroclear. Bonds listed on global indices are mostly settled via international platforms, including Euroclear, outside a country's borders.

The Centre is unlikely to factor in any potential inflows from the listing of certain categories of government securities on overseas bond indices when it finalises its borrowing calendar for the second half of this fiscal later this month.

In March, the government announced its plan to borrow ₹8.45 trillion from the market through dated securities in the first half of FY23. It has pegged FY23 gross market borrowing at ₹14.31 trillion (after adjusting for the conversion of short-term maturities into long-dated bonds).

dar for the second half of this fiscal on October 1.

Morgan Stanley last year estimated that \$40 billion would flow into Indian government bonds after the inclusion into two of the three global indices — Bloomberg Global Aggregate Index and JPM GBI-EM Global Diversified Index.

The Centre is unlikely to factor in any potential inflows from the listing of certain categories of government securities on overseas bond indices when it finalises its borrowing calendar for the second half of this fiscal later this month.

Threat to reserves 'overblown', public capex on track: Seth

The Centre has projected a fiscal deficit of 6.4% of gross domestic product (GDP) in FY23 and it aims to reduce it steadily to 4.5% by FY26.

It has budgeted a capex of ₹7.50 trillion for FY23, up 27% from the actual spending of ₹5.93 trillion in FY22, betting big on its high multiplier effect.

The Centre, which has put a thrust on capex to boost economic growth, continued the momentum by almost doubling the spending on year in July to ₹33,606 crore while it invested

62% more on year in April-July at ₹2.09 trillion.

The broad consensus among various agencies is that economic growth will be slowing down. However, volatility in global crude oil prices won't alter the Centre's fiscal deficit trajectory, the secretary said.

A number of global agencies have trimmed their growth projections for India (and for the world) in recent months, after the Ukraine war pushed up global prices of commodities, especially of oil.

Adani unveils \$100-bn green energy plan

"Today, we can confidently state that we have a line of sight to first become one of the least expensive producers of the green electron, and thereafter the least expensive producer of green hydrogen," he said.

Digital space, he said, seeks to benefit from the energy transition adjacency. "The Indian data centre market is witnessing explosive growth. This sector consumes more energy than any other industry in the world and, therefore, our move to build green data centres is a game-changing differentiator," Adani said.

nect data centres through a series of terrestrial and globally-linked undersea cables drawn at its ports and build consumer-based super-apps that will bring hundreds of millions of the Group's B2C consumers on one common digital platform.

"We also just finished building the world's largest sustainability cloud that already has a hundred of our solar and wind sites running on it — all off a single giant command and control centre that will soon be augmented by a global A-I lab," he said.

"The point I would like to

make is that India is full of incredible opportunities. The real India growth story is just starting.

"This is the best window for companies to embrace India's economic resurgence and the incredible multi-decade tailwind the world's largest and most youthful democracy offers.

Commenting on China, Adani said once the champion of globalisation, Beijing is now facing challenges.

"I anticipate that China, which was seen as the foremost champion of globalisation, will feel increasingly isolated. Increasing nationalism, supply chain risk mitigation and technology restrictions will have an impact," Adani said.

Blackstone sells 77 m Embassy REIT shares for \$325 million

FE BUREAU New Delhi, September 27

GLOBAL FUND BLACKSTONE fund is understood to have sold 77 million shares of Embassy REIT for \$325 million (about ₹2,650 crore) to monetise investments, by selling its shares in Embassy Office Parks REIT, according to sources.

Embassy Office Parks REIT is the country's first real estate investment trust

IN JUNE THE COMPANY FLOATED THREE TENDERS

CIL unlikely to import entire 6 MT coal tendered out: CMD

213,000 tonne coal has already reached India

INDRONIL ROYCHOWDHURY
Kolkata, September 27

COAL INDIA (CIL) may not need to import the entire 6 million tonne coal kept on tap and has so far placed schedules for delivery of only 283,000 tonne from overseas.

On the basis of indents and advance made by state gencons and independent power pro-

ducers (IIPs), CIL has placed delivery schedule of 283,000 tonne of coal from Indonesia, for which Bara Daya Energi Consortium has been given the contract. Of the 283,000 tonne, three vessels carrying a total of 213,000 tonne have already reached Indian shores and another vessel carrying 70,000 tonne is in transit. The ship in transit is expected to reach the port of destination by the end of this month, CIL CMD Pramod Agrawal said, adding that the port of destination would be an eastern coastal port.

So far, the state gencons of Tamil Nadu and Karnataka have

Pramod Agrawal, CIL CMD

procured coal. According to a senior CIL official, it doesn't seem that indents will be made to import the entire 6 MT on tap. Most state gencons have been able to

create a stock of nearly 25 days at their plant head with CIL enhancing domestic coal supplies. At such a juncture, power plants are likely not to indent for imported coal, the official said. In June, CIL decided to float three tenders — one short-term tender for imports of 2.416 MT and two medium-term tenders of 3 MT each with a scalable option of another 3 MT each, taking the total volume of medium-term imports to 1.2 MT. While the short-term tender in which Adani emerged as the L1 bidder was cancelled, Indonesian firm Bara Daya was roped in to serve the medium-

term tenders. Bara Daya had quoted ₹4,331 crore and ₹4,497 crore for the eastern and western coast, respectively, against an estimated tender value of ₹10,000 crore.

The letter of authorisation was given to the Indonesian agency for importing 6 MT in July with a contract to import 791,000 tonne during August-September. But till now, a shipment of only 283,000 tonne has been possible, ruling out any possibility of opting for the scalable option and with least possibility of importing the entire 6 MT kept on tap, the CIL official said.

immunisation against the pest and diseases.

“The field trials in Telangana of the technology have shown significant reduction in pesticides and fungicides application by the farmers during the vegetative stage of the paddy crop,” said Prasant Patra, regional commercialisation & business lead of Corvea Agri-science. Patra said that besides the reduction in spray, the farmers get higher yields in the range of 5% to 6% in the paddy

crops. The company has filed an application with the Central Insecticides Board (CIB), for registration of the technology. The company has introduced the technology in Thailand and will be soon rolling it out in Indonesia in the next couple of months. After registration of technology with the CIB, the cost of molecule solution for the seed coating will be decided. “We will conduct a demonstration of such technology with farmers so that cost of cultivation goes down while the yield of paddy crops increases,” Rahoul Sawani, president (South Asia) of Corvea Agri-science, told the visiting journalist at the company's research centre located at Toopran Yel-durthy mandal.

The Issue is being made through the Book Building Process in terms of Regulation 6(1) of the SEBI ICDR Regulations, wherein not more than 50% of the Issue shall be available for allocation on a proportionate basis to Qualified Institutional Buyers (“QIBs”) (the “QIB Portion”), provided that our Company, in consultation with the BRLMs, may allocate up to 60% of the QIB Portion to Anchor Investors on a discretionary basis, out of which one-third shall be reserved for domestic Mutual Funds only, subject to valid Bids being received from domestic Mutual Funds at or above the Anchor Investor Allocation Price, in accordance with the SEBI ICDR Regulations. In the event of under-subscription, or non-allocation in the Anchor Investor Portion, the balance Equity Shares shall be added to the Net QIB Portion. Further, 5% of the Net QIB Portion shall be available for allocation on a proportionate basis to Mutual Funds only, and the remainder of the Net QIB Portion shall be available for allocation on a proportionate basis to all QIB Bidders (other than Anchor Investors), including Mutual Funds, subject to valid Bids being received at or above the Issue Price. However, if the aggregate demand from Mutual Funds is less than 5% of the QIB Portion, the balance Equity Shares available for allocation in the Mutual Fund Portion will be added to the remaining Net QIB Portion for proportionate allocation to QIBs. Further, not less than 15% of the Issue shall be available for allocation on a proportionate basis to Non-Institutional Bidders (“Non-Institutional Portion”) of which one-third of the Non-Institutional Portion shall be available for allocation to Non-Institutional Bidders with an application size between ₹ 200,000 to ₹ 1,000,000 and two-thirds of the Non-Institutional Portion shall be available for allocation to Bidders with an application size of more than ₹ 1,000,000 and under-subscription in either of these two sub-categories of Non-Institutional Portion may be allocated to Non-Institutional Bidders in the other sub-category of Non-Institutional Portion, and not less than 35% of the Issue shall be available for allocation to Retail Individual Bidders in accordance with the SEBI ICDR Regulations, subject to valid Bids being received from them at or above the Issue Price. All Bidders (except Anchor Investors) are required to mandatorily utilise the Application Supported by Blocked Amount (“ASBA”) process providing details of their respective bank account (including UPI ID for UPI Bidders using UPI Mechanism), in which the corresponding Bid Amounts will be blocked by the SCSEs or the Sponsor Banks, as applicable. Anchor Investors are not permitted to participate in the Issue through the ASBA process. For details, see “Issue Procedure” on page 344 of the RHP.

Bidders/Applicants should ensure that DP ID, PAN and the Client ID and UPI ID (for UPI Bidders bidding through UPI mechanism) are correctly filled in the Bid cum Application Form. The DP ID, PAN and Client ID provided in the Bid cum Application Form should match with the DP ID, PAN, Client ID available in the Depository database, otherwise, the Bid cum Application Form is liable to be rejected. Bidders/Applicants should ensure that the beneficiary account provided in the Bid cum Application Form is active. Bidders/Applicants should note that on the basis of the PAN, DP ID and Client ID as provided in the Bid cum Application Form, the Bidder/Applicant may be deemed to have authorized the Depositories to provide to the Registrar to the Issue, any requested Demographic Details of the Bidder/Applicant as available on the records of the depositories. These Demographic Details may be used, among other things, for giving Allotment Advice or unblocking of ASBA Account or for other correspondence(s) related to the Issue. Bidders/Applicants are advised to update any changes to their Demographic Details as available in the records of the Depository Participant to ensure accuracy of records. Any delay resulting from failure to update the Demographic Details would be at the Bidders/Applicants' sole risk.
